

EON

**DVR
Standalone**

EH-DVR1604LB

16 CH REAL TIME Network DVR
 400/480 Real Time Recording / Display, Duplex operation
 High record image resolution, POS / USB / DVD/RW
 MPEG-4, 16CH Video/Audio, 6 HDD, VGA
 IR Remote, Mouse Control
 CMS Software support

FEATURE:

- * 16-Channel Embedded Linux Operation System
- * Playback Resolution: D1(704X576)(non-real time), CIF
- * Unique 3-dimensional PTZ control by USB mouse
- * Support DDNS/PPPoE
- * Advanced H.264 Compression Algorithm with Higher Image Quality and Lower Bite Rate
- * Secure and Reliable Embedded Linux Operation System
- * Stable Video & Audio Synchronization
- * Advanced Potential HDD Capacity Expansion
- * User-friendly Graphic Menu Interface with Operation Tips
- * Advanced File Management System with Full Intellectual Right
- * Unique USB Mouse Control
- * Independent Hardware Compression for Each Channel
- * Backup via CD/DVD-RW, USB and Network
- * Standby Mode for Non-working HDDs
- * Quadruple Operation: Monitor, Record Playback and Network Transmission & Operation Simultaneously
- * Multi-recording Mode (Manual, Schedule, Alarm and Motion Detection)
- * Pre-/after-event recording in Motion Detection and External Alarm Recording Modes
- * Full Remote System Access, Monitoring, Playback Configuration, Searching and Backup through Network
- * Control Power Authorization-based User Management System
