

ประตูอัตโนมัติ

CENTURION
 THE AUTOMATIC CHOICE
SLC-500 D5

FEATURES

- Multiple programe modes: standard, reversing, condominium PIRAC
- Selectable automatic closing with pushbutton override [adjustable time].
- Selectable positive closing [D5 only].

Optional auxiliaries

- Pedestrian opening [adjustable opening and auto-close time].
- Remote gate status indicator [gate position, mains failure detection, battery low indication and multiple collision detection] [D5 only].
- Courtesy light time with multi-mode pre-flashing option [adjustable time].
- Safety beam input.
- Holiday lock-out.
- Free exit facility.

Technical Data

Power supply	220V +10% 50Hz
Maximum absorbed current	160mA battery charger
Motor voltage	12V DC
Starting thrust	60kgF
Rated thrust	20kgF
Operating speed at rated thrust	16m/min
Duty cycle	50% [at thrust less than 10kgF]
Operating temperature range	-10+50°C
Anti-crushing sensing	Electronic only
Mass of unit [packed]	13.5kg [inc 7A/H battery]
Maximum gate mass	500kg

Remote
